

2m Square Arch

Stage 1

There are 5 parts to this frame. Unwrap the parts and lay them on the floor as in the photo.

You will need a Phillips head screwdriver to erect this sign

Stage 2

Insert the 2 upright frames onto the base and tighten the screws with a screwdriver.

Stage 3

Insert the second upright frames onto the spiggots and tighten the screws with a screwdriver

Stage 4

Insert the topbar and tighten the screws
